Appeal from the President

I am writing to you in my capacity as the President of Vidya Bhawan Society to help us through a difficult time. Please also share the appeal below with others who may be able to support.

The Covid-19 pandemic has adversely impacted all segments of the population. The voluntary sector faces additional challenges in raising funds from its traditional sources to respond to the pandemic and resulting economic slowdown. The poor will be particularly affected by this situation. A sizable portion of Vidya Bhawan students come from economically and socially vulnerable communities.

Vidya Bhawan is a complex of 10 educational institutions started in Udaipur, India in 1931 with the mission to enable students from diverse backgrounds to get exposure to democratic and egalitarian values. We continue to help young people grow up to be good human beings showing responsibility towards others and the environment.

We envisage many of the parents/guardians of our students may not be able to pay the fees in the coming academic session. We foresee that at least 850 out of our overall student strength of 4,300 will be most impacted by the current situation. We appeal to you to help finance the studies of these students.

The cost per child is INR 23,600 per annum($310 per student per annum) and our conservative estimate suggests that we will need INR 2 Crores ($264,000) in the coming year to address the financial gap and continue our mission.

I appeal to you to contribute towards this effort to whatever extent possible. You will find the electronic Bank transfer details below or you can write a cheque in the name of ‘Vidya Bhawan Society’.

Please also share this appeal with others who may be able to support.

Ajay Mehta
President, Vidya Bhawan Society, Udaipur, Rajasthan, India
