REPORT ON SPACE DAY CELEBRATION

Essay Writing Competition

Organized by: Department of Physics, Vidya Bhawan Rural Institute, Udaipur

Date: 22 August 2026

Venue: Physics Laboratory

Theme: *How Space Technology Improves Life on Earth*

The Department of Physics, Vidya Bhawan Rural Institute, Udaipur, organized an Essay Writing Competition to celebrate National Space Day on 22 August 2026. The competition was organized with the objective of creating awareness among students about the importance of space science and technology and its applications in improving life on Earth. The essay writing competition was based on the theme “How Space Technology Improves Life on Earth.” Students expressed their views on various applications of space technology, including communication, weather forecasting, navigation, agriculture, disaster management, environmental monitoring and other areas of human welfare.

A total of 9 students participated in the competition with enthusiasm and presented their ideas through informative and creative essays.

The winners of the competition were:

Yogesh Sahu, Student of B.Sc. Sem V (CS) stood first, Tanisha Suthar student of B.Sc. Sem V (Bio) stood second followed by Ghanprabha Rao student of B.Sc. Sem V (CS) on third position.

The essays were evaluated by the judges on the basis of their relevance to the theme, originality of ideas, subject knowledge, organization, creativity and clarity of expression.

Outcome

The competition provided students with an opportunity to explore the role of space technology in modern life and to understand how developments in space science contribute to communication, agriculture, weather prediction, navigation, disaster management and sustainable development.
